World Day of Prayer for the Care of Creation takes place today (1st). This annual day of prayer offers a precious opportunity both to individual believers and to the whole community to renew our personal participation in this vocation as custodians of creation, raising to God our thanks for the marvelous works that He has entrusted to our care, invoking His help for the protection of creation, and His mercy for the sins committed against the world in which we live. Pope Francis calls us to reaffirm our personal vocation to be stewards of Creation, to thank God for the wonderful handiwork which he has entrusted to our care.

Things to pray for this week

Pope Francis' intention for September

- That politicians, scientists and economists work together to protect the world's seas and oceans.

This week we remember dear **Emma Palmer** on the first anniversary of her death on Sunday. Please keep Emma and all her family and friends in your prayers at this time.
